**MEMORANDUM FOR: Honorable Douglas Dillon  
Under Secretary of State**

It is my information that John McCone, who has been out of the country, will be in Washington from late today through Tuesday the 6th. I would like to urge that a meeting of the "Principals" be called while he is in Washington.

It seems to me that the group should discuss plans with respect to future courses of action, taking specifically into account the communication to you from Deputy Secretary Gates dated September 29, 1959.

(Signed) Gordon Gray
